

# ROAD BOND ISSUE IS HELD INVALID.

April 1st Union county voted \$450,000 in road bonds. The people of that county then, like Powell, were wild with enthusiasm for roads, and were anxious to pay the tax to get them. Union county taxpayers, like Powell, as matters progressed, saw that all in sight for them was the tax part of it, so three months after the election, some sturdy farmers and enthusiastic people of the county got together, employed an attorney, and took the matter to the courts with the result that the election was knocked kites high this week.

The Union county case is a parallel case with Powell. Powell's election was held ten days later than in Union county, and the same grounds for contest exist.

The Times is strong for roads but when we see an amount greater than 24% of the bond issue gone, and only 17 miles of road surveyed and a surveyor still permanently on the job at \$1,500 per year, we know that our long fond hopes for better roads through our Fiscal Court is a negative proposition. The one method of getting roads in this section of the county is to go in our pockets and pay for them, we have largely done in the past in getting all our bridges. We don't mind doing this, but we are not going to do this and

get good roads the only means that appeals to us is to get together, put up the money that we know can be raised, and build them. The Times will take the lead in subscriptions, being willing, under plans already agreed upon by the Department of Public Roads, to give \$600 for the various roads leading from the west portion of the county to Stanton, the county seat. But the first thing to be done is to get rid of the obnoxious and hindering bond vote so people can better afford to subscribe money to an effective fund.

Come in and let's talk this matter over.

## Powell County Bonds and Tax to be Tested in Court.

We have no doubt whatever but that the proposed Powell county road bond sale can be easily annulled because of some illegalities that the records will show, and now that it is conclusive to the minds of all good roads people who worked for the bonds in the beginning, that under the present procedure of the powers that be, the \$40,000 is not going to get what they had a right to expect, the cry on every lip is "knock out the bonds and do away with the tax." Following this admonition, a suit has been drawn with that end in view, and the same will be filed and the legality of the sale which is advertised for the 22nd, tested out.

The Commissioners were easily knocked out and there now will be a dead clinch on the road and the road tax.

## Unpleaded

Mr. A. Easter, who predicted the election of the elected electoral college popular of California, and necessary votes, as it did. He other forecasts re-election, all of which

# J. W. Thacker Suicides.

The community was shocked Wednesday morning by the report that Mr. John Thacker at his home near this city on the Hardwick's creek road had committed suicide by shooting himself directly over the heart with a shotgun. Squire Charles Welch had just left his company and was not from under the report of the gun when Mr. Thacker fired the shot, sitting on his front porch. Deceased was aged about sixty years, and is survived by a wife and one son, Walter Thacker, of Stanton, and a daughter, Miss Hettie Thacker, at home, who for several years has been in very poor health.

The remains will be buried this afternoon at the Stuart grave yard near old Clay City.

Mr. Thacker left two notes to the family explaining why he committed this rash act. The full contents of these notes are not given out because they relate to family matters only, but it is known that financial conditions have worried him for some time, being himself unable to perform manual labor and having a wife and invalid daughter to support. While not involved in debt, the worry of making ends meet to hold up in his usual manner of creditable living, evidently overbalanced his reason.

Burial exercises will be conducted by his pastor, Otto Purvis, of the Christian church.

## Dies Suddenly

Dock Phillips died very suddenly Monday morning, before six o'clock, at Brodhead-Garrett mill, where he had gone to perform his usual day's work. Heart failure was the cause for his sudden taking away. The remains were laid to rest in the Eaton graveyard in this city, this morning. Deceased was seventy-two years old, and is survived by his wife and two sons, Wes Phillips and Hayes Phillips.

Mr. Phillips was an industrious and honorable citizen who chose to perform daily labor for a livelihood after he had laid aside a comfortable living. He was a veteran of the Union Army.

## Sues for Oil Lands.

Judge Lewis Apperson, of Mt. Sterling, filed suit at Irvine last Friday for the John J. Curtis heirs, seeking to recover 150 acres of developed oil land near Union Hall. This land is now in the possession of Will Marcum. He has bought out part of the heirs and is therefore the rightful owner of a portion of the land. The remaining heirs are seeking to recover their interests together with the developments of the lease which is worth several hundred thousand dollars. The children of S. R. Curtis, of Waltersville, are heirs to this estate which promises to be a very rich one.

## Surveying Road.

Montgomery county began surveying their part of the Stanton-Mt. Sterling road this week. This road will run from Levee to the top of Black creek hill, the county line. They are expecting us to meet them there. Powell county has so far done nothing for this road, though it was promised to be improved during 1916.

## Attending Federal Court.

W. T. McGuire and R. L. Shimmessell, of this city, and Warren M. Martin, of Stanton, left Monday morning for Richmond, where they had been summoned to sit as jurors for the Federal Court which convened there Monday.

# As to the Road Tax.

The taxpayers of Powell county are today asked to pay the following amounts for road tax on each one thousand dollars of property valuation reported by them to the assessor:

State road tax	\$ .50
County bridge purposes	1.50
road	1.00
bond	2.00
To this must be added	
20% increase for State raise,	1.00
	\$6.00
To this is further added	
to the man between 18 and 50 six days work at \$1.00 per day,	6.00
	\$12.00

So the man living in Powell county worth but \$1,000, of the proper age, must pay \$12.00 for roads. And the average road gets not one penny from the county to help it.

Forty years ago more money was spent by the county on the roads of Powell per mile, we believe, according to the records, than is spent on them today. And this in the face of the fact that the county tax rate was then for all purposes only 12 1/2 cents on the hundred dollars of property as given to the assessor, while we now pay our Sheriff for road purposes only 60 cents on each hundred dollars of property reported to the assessor.

Is it a wonder the taxpayer is resentful and asking what becomes of his money?

The Court of Appeals upheld Judge Beuton in the case of Williams, Faulkner and others against Stanton College. The Court held that there had been no violation of the law in that the College used the State's money to pay two of the teachers in the college for teaching in the graded schools. The Court overruled every contention made by plaintiffs, and thus ends a long fight against Stanton College. We trust that we will forget the past and settle down to hard work, now.

Major Blackburn, who has been sick for many weeks, passed away Wednesday afternoon at three o'clock. He suffered greatly the last three or four days before his death, and death came as a great relief. His sons Fred and Robert and daughter, M. ...ER.

...16, 1916.

At this time the Times gives and figures on road that our readers should. For the sake of good roads which we hoped would finally be the outcome, and the high personal regards for the individual members of the fiscal court we have held up along this line. We regret that the court continues to ignore the co-operation of the tried and true good roads people of the county and their repeated proffers of financial aid as well as their urgent appeals for a retrenchment of expenses drawn upon the county's already inadequate funds.

The editor was away from the office all but one day last week, and while here that day spied a piece of delightful copy, and as a reminder of better days when we used to set the most of the type on The Times, we ravenously flew in on this choice piece of copy, resulting in a mix-up of the notice of "Important Change in School." We reproduce this article corrected this week with apologies to Prof. Ranson and our readers, pledging to try to make such errors on our part in the future.

Eight years ago Roosevelt defeated the Republican ticket because he pulled from it. This year he defeated the Republican ticket because he pulled to it. Roosevelt has been of untold benefit to the Democrats, placing them eight years in power at Washington, and at the same time eliminating his obnoxious self from the indulgence of the country. Verily, great is Teddy, but much greater is the good work he has unintentionally done for the people.

Montgomery county wisely voted down a bond issue to buy a poor farm. We one day favored bonds to make improvements because we didn't mind to pay the tax to get the improvements. We are wiser now. We see that paying tax for a thing and getting the object, is two different things. The only sure thing we get in voting bonds is the privilege of paying a bigger tax and a worry to know what goes with the money.

Hunting is a most enjoyable sport to most boys and men, and the season is now open, but the admonition "be careful with that gun" is not out of place to any persons who handle such a gun. Scores of persons and live-are killed each season because they have not handled enough. We are not so careful and we fail to do it all. It means that for later vote for

crookedness. But, on the other hand, it often happens that when you leave off the man of your party you let a worse one into office. So there you are.

SPOUT SPRING

Lloyd Todd sold a pair of mules to R. P. Wells for \$300.

J. T. Wright sold to the Rev. W. L. Byrd one splendid saddle mare for \$165.

Wm. Barnett, of Lexington, is here for a stay with his father, Berry Barnett.

Quite a number from here visited the famous oil fields at Union Hall Wednesday.

Mr. and Mrs. George W. Lewis, of Winchester, visited relatives here Saturday and Sunday.

Moses McKinney bought of Rucker Lewis a nice combined three-year-old horse for \$125.

Sidney Townsend has sold his splendid farm to some party at Campton whose name we could not learn, for \$3,500. Mr. Townsend bought this place a few years ago of J. T. Wright for \$2,000. This serves to show how real estate is advancing in these parts.

Lawrence Sylvester, the fourteen-months-old baby boy of Mr. and Mrs. Owen Patrick, of Kimbrell, died Friday night and was buried at Jackson's Chapel Saturday afternoon. The child's death was a result of severe burns caused by it falling across a pan of hot water which splashed up against the child's clothes. The grief-stricken parents and grandparents have the sympathy of a large number of friends.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from troubles, don't give up. Get a bottle of Cardui, the woman's tonic, and take more than a dozen years of continuing trouble. Cardui surely helped me. I sold Cardui. It will do. I recommend it. Begin now.

# SMILE OF HEALTH

Chronic Cripple  
Years.

## FINDS STRENGTH NEW WAY

John Lands, Victim of Chronic Stomach Weakness, and Generally Run Down Constitution, Tells How He Won New Vigor—Now Hale and Hearty, Enjoys Life to Limit.

Can YOU smile like this? Hearty, jolly, contented—it's the smile of perfect health. It comes from bounding red blood, joy in living, the vim and vigor of sound manhood.

How long since YOU have smiled like this. Be honest with yourself. Do you face the mirror in the morning with cheery pleasure over another day born, or do you get up tired, droopy and weary, with a bad taste in your mouth, aches in your body and bones, and a grouchy feeling against all the world in your heart? If the latter, then you need just what John Lands needed—and found.

John Lands is the smaller in the picture. He is a machinist and lives at 712 Freeman avenue, Cincinnati. It is the experience he has been through that makes him smile today.

**Hobbled on Crutches.**  
For five years John Lands has suffered from a weak stomach and kidney trouble. Rheumatism set in and at times made him virtually a cripple. He had to hobble around on crutches most of the time, laying off from his work, losing time and money, suffering agony.

"I have taken fully a hundred different kinds of medicine to relieve my condition during the last five years," he said. "But nothing seemed to do me any real good. Food would lie heavy on my stomach and I had to take cathartics constantly. Then I had an extremely bad case of rheumatism. Once I had to lay off work for four months. I had to use crutches a good many weeks at a time.

"Look at me now! I am hale and hearty and enjoy life to the limit. I am in full possession again of all my natural vigor.

**Tanlac Did It.**  
"What did it? Tanlac, the wonderful new tonic and system purifier. It is one hundred per cent efficient. No medicine I ever took has done for me one-tenth of what Tanlac has done. Ask any of my friends who have seen me daily. They will tell you the same thing. This Tanlac is positively marvelous."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in CLAY CITY by Eaton & McGuire.

Other exclusive agents in nearby towns are as follows: Stanton at Hardwick & Co.; Bower, Day and King; College Hill, Ginter Bros.; Torrent, J. Taylor Day; Irvine, Irvine Drug Co.; Genet, Genet Cash Store; Waltersville, Henry Waldron, and Beattyville, Thomas Pryse.

Miss Annie Bowen entertained her room Friday afternoon with a candy hunt which was enjoyed very much by the little folks.

A good oil well has been drilled on farm of John Ashley on Sand Lick, about four miles from here. Report this week says about 500 ft. of oil is standing in the well and that they are going to drill other wells at once. Mr. White of New York owns the lease and is building an automobile road out the ridge from Beattyville to Mr. Ashley's farm. This is a Powell county well and we are hoping that a goodly portion of the oil pool is in this end of Powell. Last week a party of fifteen from New York went from Torrent to Mr. Ashley's, horseback. If we had good roads the travel would go thro' here.

## Vote Down School Tax.

The proposition to vote a tax of 15 cents in the consolidated Kiddville and Goff schools in Clark county to carry on the school was defeated Friday by a vote of 91 to 85. We fail to see why the people of this district so ill-advisedly voted against this proposition, as they must pay the county tax of not exceeding 20 cents, anyway, and it seems that the people of any district would rather manage their own tax money than have it go into the hands of the County Board of Education.
